Dear Sir or Madam:

This letter refers to experimental license KK2XGL.

Recently, the Commission released a public notice regarding use of the 1910 - 1930 MHz band. A copy of this public notice is enclosed. The Commission will no longer grant experimental licenses authorizing use of the 1910 - 1930 MHz band, except for applications consistent with use of the spectrum for low power, unlicensed PCS devices. Accordingly, although your experimental license KK2XGL authorizes use of all or portions of the 1910 - 1930 MHz band, any operations in this band that are not consistent with use of the spectrum for unlicensed PCS *must cease immediately*.

Please direct any inquiries to the Experimental Licensing Branch at the address on the letterhead, mail stop 1300E1, or at 202-418-2479.

Sincerely,

A handwritten signature in cursive script, reading "H. John Morgan", is written over a horizontal line.
