Dear Mr. Wright

Re: Experimental License KA2XIM

This is to request a modification to the AT&T experimental license KA2XIM, File Number 3799-EX-PL-93 to add authority to perform technical demonstrations of equipment or techniques under Section 5.202(d). AT&T wishes permission to operate equipment in the 864-868 MHz range at trade shows and conventions for purpose of demonstrating wireless techniques.

The applicant certifies that AT&T is not subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U. S. C. 853a.

Attached are the following:

- 1- FCC Form 155
- 2- Check for \$35.00 to cover filing fee
- 3- Copy of AT&T KA2XIM License

Your prompt attention to this request will be appreciated.

Regards
