

Anduril Industries will deploy a Rada RPS-82 radar at Pendleton UAS Range in order to collect radar data on Group 3 UAS

Dates (approx.) – 01 October – 01 November

Location: Pendleton UAS Range; Pendleton OR

Concept of the Operation: Pendleton UAS Range flight operations will fly Group 3 UAS in normal operating capacity. Anduril's RPS-82 will collect data to calibrate the radars in order to support future deployments with U.S. Military personnel
