

Radar Location
Rooftop
2722 Michelson Drive
Irvine, CA 92612

Who: Anduril Industries

What: Conducting temporary testing with a Rada RPS-42 radar in various environments. The radar will be in DETECT only, no other capabilities (no spoofing, no jamming, etc.)

When: 15 November – 31 December 2020

Where: Company HQ rooftop, 2722 Michelson Drive; Irvine, CA

Why: Support of an upcoming deployment with Special Operations Command. Proper radar calibration is critical to mission success and soldier safety against airborne threats

Other Notes: Radar will not be emitting 24/7 during this time. Will be turned on for 1-4 hour increments periodically to detect Small UAS flown around the company headquarter building (eg parking lot) and the data will be analyzed after with radar mode file calibrations being made. Repeat process as necessary
