Dan,

The first location (ground, fixed, 2km radius) is supposed to be centered on KMRB airport, in Martinsburg, **West Virginia**.

The second location (air mobile 40km radius) is centered south of KMRB and includes the airport, but yes it is centered in Winchester, VA.

This graphic depicts the new requested smaller circle, and how it overlaps our other existing license (larger circle) so we can fly between them.

Jason Fine
