NAME BAE Systems Information and Electronic Systems Integration Inc.

This Special Temporary Authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This Special Temporary Authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control the Government of the United States conferred by Section 706 of the Communications Act of 1934.

Special Temporary Authority is hereby granted to operate the apparatus described below:

Special Conditions:

- (1) Licensee should be aware that other stations may be licensed on these frequencies and if any interference occurs, the licensee of this authorization will be subject to immediate shut down.
- (2) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (3) Operation is subject to prior coordination with Western Area Frequency Coordinator, Mr. Joseph Richardson, 760-939-6948 and agree to any restrictions and scheduling levied.
- (4) This authorization is issued for the express purpose of conducting experimental operations described in the related application and required by US Government contract number FA8650-10-C-7044. The use of this radio station in any other purpose will constitute a violation of the privileges herein authorized. Except as subsequently authorized by the Commission, this radio station shall not be operated after the expiration date of the contract designated in the related application and enumerated above.
- (5) The designated point-of-contact to terminate transmissions if interference occurs is Neil King (603) 566-3869, Mike Silence (949) 496-6468, Rick Ball 603-318-6913 and Dan Wells (760) 246-3952.
- (6) NTIA concurs with this test provided BAE Systems and the Department of Defense (DOD) customer understand that the 880 - 902 MHz band is allocated to the FCC for Cell Phones and no operational usage will be allowed in the U.S.
