NAME BAE Systems Information and Electronic Systems Integration Inc.

This Special Temporary Authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This Special Temporary Authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control the Government of the United States conferred by Section 706 of the Communications Act of 1934.

Special Temporary Authority is hereby granted to operate the apparatus described below:

Purpose Of Operation:

To perform Direction Finding and Geolocation calibration for the U.S. Army Tactical Signals Intelligence (SIGINT) Payload (TSP) Pod Antenna System.

Special Conditions:

- (1) Licensee should be aware that other stations may be licensed on these frequencies and if any interference occurs, the licensee of this authorization will be subject to immediate shut down.
- (2) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (3) Applicant project limited to proof of concept demonstrations and testing and will not involve live-duty operations to protect life, property, or safety
- (4) Applicant must accept interference from any other user of Band 14 and all operations by Applicant will be on a secondary basis.
- (5) Applicant must verify that there is no current potential for interference with FirstNet operations or those approved to operate in Band 14 per license (i.e., any Band 14 incumbents).
- (6) Point-of-contact is established and sent to FirstNet upon STA approval with "kill switch" authority; Applicant agrees to cease operations at request of FirstNet immediately upon receipt of request to kill switch POC until such time, as determined by FirstNet, that project may continue.
- (7) Applicant agrees that FirstNet has the right to monitor its operations.
- (8) Applicant understands that STAs are for a limited period and that FirstNet must ensure its spectrum is clear as circumstances change and as deployment and acquisition timing becomes closer; therefore, Applicant agrees that no extensions or reapplications shall be sought for this STA.
- (9) The "Stop Buzzer", Mr. Sean Hallinan (603) 361-5959; Mr. Richard C. Ball (603) 318-6913; and BAE Systems Emergency Services Center (603) 885-3842.
