Attention John Kennedy

John,

Per our recent telephone conversation, please ammend our application, STA File Numbered 0238-EX-ST-2004, to reflect the same data identified for the antenna in the Chesapeake Bay region for the one in Savannah, Geogia.

That data includes the frequencies, the power, the tolerances, the station class, and the emission data. In addition, the Savannah, Georgia antenna will transmit in a 40km radius.

Thank you for your help and please do not hesitate to call if you need any more information.

Phil
