Pittsburgh, PA 15251-5320

Gentlemen:

Attached for your consideration is an FCC Form 442 modifying Bellcore's Experimental License KO2XAB to add 1850-1990 MHz, 27500-29500 MHz and 38600-40000 MHz frequency bands. Also requested is authorization to extend the 800 MHz band to include 806-902 MHz and add emission designators not presently authorized on our license.

If additional information is required, we will be glad to provide it. Please forward any correspondence to the attention of K. M. Falkenthal at 290 W. Mt. Pleasant Avenue, Room 2B250, Livingston, NJ 07039.
