**Re: Broad Comm, Inc. and NBC Universal, Inc.
REQUEST FOR EXPEDITED TREATMENT OF
EXPERIMENTAL SPECIAL TEMPORARY AUTHORITY
TO OPERATE MICROWAVE FACILITIES
FCC File No. 0183-EX-ST-2007**

Dear Madam Secretary:

On behalf of Broad Communications and NBC Universal, Inc., ("NBC"), we hereby respectfully request expedited treatment of the above-referenced request for Special Temporary Authority ("STA") to operate a series of temporary facilities that are necessary for the national over-the-air broadcast of the following events, each of which is to be made available to millions of consumers via an NBC Network broadcast over the next several weeks. These requests are similar to requests made in past years to enable coverage of very popular sporting events and are necessary prior to the dates of the relevant events for that coverage to occur.

Consistent with prior communications, and in an effort to facilitate the Commission's substantial efforts in this area, attached, in spreadsheet form, is a list of the dates of relevant events -- all of which are professional golf events -- and the proposed facilities outlined in the overall STA request most relevant to those events.

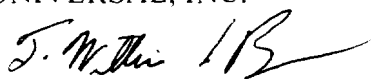

An expedited grant of the proposed STA, a copy of which is attached, would serve the public interest by ensuring no loss of existing television service to the millions of consumers who have come to expect such coverage on free, over the air television. These very temporary facilities have traditionally been addressed through experimental licensing, as the events require unique characteristics of the equipment to be used. NBCU and Broad Comm understand if the FCC must review and grant these requests on a rolling basis, depending on the dates listed for the relevant events, although we respectfully request that the FCC act on each part of the STA at least several weeks prior to the date of the relevant event to enable time to address equipment and other implementation issues. We also respectfully ask that you stamp the enclosed copy of this request for expedition and return it to our office as confirmation of filing.

The Secretary
