Broadcast Sports International
STA Application
1578-EX-ST-2026
Narrative Explanation of Operation
MLB Network - MLB Broadcast Umpire Camera Request
PNC Park, Pittsburgh, PA
August 17th, 2026

This application proposes the use of the band 2220-2240 MHz for short-range video relay in connection with video production by the applicant of MLB Network to be held inside PNC Park located near Pittsburgh, PA on August 17th. This period includes setup and testing prior to the event. This is a major baseball event televised worldwide.

Should any authorized entity using this band report interference during the proposed operations, operation on the offending channel will immediately cease and not resume unless and until the interference complaint is resolved to the satisfaction of the authorized user.

Other licensed channels normally used for video production in this frequency range are not available for this event due to their use by other licensees and authorized services.

The stop buzzer contact for this operation is Mr. Jacob Butler who can be reached at 443-528-0105 or by e-mail at Jacob.butler@nepgroup.com.
