Re: Extension of Special Temporary Authority;
Experimental License KO2XDO, Broadcast Sports
Technology; FCC File Number S-1812-EX-95;
XD MO Class.

Dear Ms. Baum:

As you may recall, this office represents Broadcast Sports Technology of Odenton, Maryland (formerly of Crofton, Maryland). On February 1, 1995, Mr. Frank Wright granted special temporary authority (copy attached) for the use of five frequencies in the 2 GHz band, at 2.5 GHz output power, 20M0F9W, for use and testing of RF video transmitters at certain motor sporting events during 1995. The STA expires today, August 1, 1995.

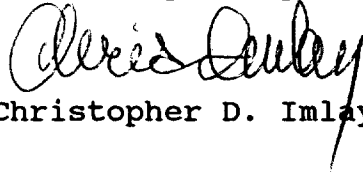

We had originally requested that the STA extend for the full year, and provided specific events that required the use of these frequencies. Mr. Wright said that since STAs are normally granted for six months at a time, we should upon the expiration of the existing authority request extension of it through December 31, 1995. The same is respectfully requested by this letter. I attach for your ready reference a copy of the original STA request, showing coordination through AFTRCC.

The only change in the STA that has occurred since the December, 1994 request is that Broadcast Sports Technology has moved. Its new office is at 1360 Blair Drive, Suite A, Odenton, MD. Its telephone number is (410) 672-3900; its facsimile number is (410) 672-3906.
