Frequency	Station Class	Emission Designator	Authorized Power	Frequency Tolerance (+/-)

Special Conditions:

- (1) 1. Since the band 2200 - 2290 MHz is allocated for federal space operations, fixed and mobile (line of sight), and satellite operations, the use of this band is on a case-by-case basis.
2. Due to spectrum congestion in major metropolitan areas, CP Communications should have no expectations of automatic approval in the 2200-2290 MHz band.
