Subject: Request for Info - File # 0111-EX-CM-2021

---

Message:

The new coordinates have been reviewed and are correct in the memo. Can you please inform us what information you feel is incorrect? If you are referring to the location in Guam, the online application will not allow a user to enter an easterly location. Please refer to the requested text document (memo) for location verification. If you still feel there is an issue, please identify the location you continue to feel is incorrect. Please feel free to contact us so we can resolve this quickly.
