RECEIVED

FEB 25 2002

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

RE: Globalstar, L.P.

Experimental License: WB2XAE

Experimental License Applications:

File No. 0011-EX-ML-2001 and

File No. 0028-EX-PL-2001

Dear Mr. Caton:

On behalf of Globalstar, L.P., I am writing to update the information in the files for the above-referenced experimental license and license applications. Globalstar, L.P., is the licensee of Station WB2XAE and applicant for licenses in File Numbers 0011-EX-ML-2001 (modification of license for Station WB2XAE) and 0028-EX-PL-2001 (new license).

On February 15, 2002, Globalstar, L.P. ("GLP"), filed a petition under Chapter 11 of the U.S. Bankruptcy Code in the U.S. Bankruptcy Court for the District of Delaware. The existing ownership and management of GLP remains unchanged at this time. Normal company operations and customer support will continue uninterrupted while GLP operates under Chapter 11 protection, as Globalstar, L.P., Debtor-in-Possession.

GLP intends to emerge from bankruptcy and continue existing operations. Therefore, the experimental license programs outlined in the two above-referenced applications are still valid, and GLP reaffirms its request for grant of the above-referenced applications. Appropriate applications and/or amendments will be filed if the Chapter 11 proceeding results in substantial changes in ownership to GLP.
