

To Whom It May Concern,

On behalf of IMSAR, LLC I would like to apply for a modification of Experimental License Call Sign WE2XVR to further the development and testing of IMSAR's radar system.

This application modifies/adds the following location:

1. Frequency Add: Kingsville, TX
 - a. 9.6-9.95 GHz, 50W/39261.18W, 350MF0N
 - b. 5735-5865 MHz, 2W/97W, 20M0D7W
2. Frequency Add: Tucson, AZ
 - a. 9.6-9.95 GHz, 50W/39261.18W, 350MF0N
 - b. 5735-5865 MHz, 2W/97W, 20M0D7W
3. Frequency Modify: Springville, UT
 - a. 2400-2450 MHz, 2W/97W, 20M0D7W

The end user of these experimental systems will be predominantly the US Department of Defense. I hope the attached document has sufficient information to enable a favorable approval of an experimental license.

Sincerely,

Josh Snook
