Subject: New coordinates for 0727-EX-ST-2005 antenna

Importance: High

Hi Mr. Kennedy,

My client emailed me and said the correct location and coordinates are below. I amended the application accordingly.

If I don't hear from you tomorrow, have a very Merry Christmas!

best regards

Tom

The new location is Park City, Utah - Quarry Mountain

40°40'56.33"N

111°31'26.20"W

Mobile Stations will be within a 3.5 mile radius from the location specified. Primary coverage will be Park City Utah. All other details (why, when, equipment) will remain the same.
