

Exhibit #1

Item 7

Lockheed Martin Ocean Radar and Sensor Systems Division, is the prime contractor for the US Navy under NAVSEA Contract N00024-96-C-6322 for the design, development and manufacture of the AN/WLD-1(V)1 Remote Mine Hunting Sonar. This system is a remotely controlled semi-submersible vehicle, which deploys a towed sonar sensor. The vehicle is controlled via a radio link using the AN/VRC-99B packet radio transceiver. The requested modification of Experimental Radio Station Authorization **WA2XSX** is to allow Lockheed Martin to perform tests and demonstrations of the AN/WLD-1(V)1 system prior to delivery of the prime system to the US Navy.
