Re: Call Sign: KA2XOS File No.: 4777-EX-AR-95

You will please find enclosed one completed copy of FCC Form 442, Application for Modification of Radio Station Authorization Under Part 5, with the required FCC license processing fee, **\$45.00**, attached. This request is to modify the fixed Experimental Radio Station authorization, **KA2XOS**, for operations on **420.00000 - 450.00000 MHz** in the vicinity of our facilities located near **Utica, Oneida County, NY**.

This request for modification is to relocation the station, to **Syracuse, Onondaga County, NY**, increase the antenna elevations, add emission designators and use different powers for the different operations. I have attached the original request for this modification request for your review to better understand their request. I also believe they are requesting a mobile area of operations to be 50 mile radius of the Syracuse coordinates.

If you have any questions regarding the changes, please call John Balko in Syracuse on **(315) 456-1864**. If you have any questions relating to the application, please feel free to call the undersigned on **(410) 682-0156**.

Very Truly Yours,

Claude E. Wells
