Subject: FCC File No. 0034-EX-ML-2011

---

Message:

The program was notified of the additional site requirement after the original modification request was submitted.

With the 0034-EX-ML-2011 already in the review system we were advised it would possibly compromise the processing time for the other sites to be approved. So it was decided to delay until the recent modification was approved before we requested a new modification to add this new site requirement.
