

**TRK 183248 (NG T180615) Summary**

| Attribute             | Record Parameter               |
|-----------------------|--------------------------------|
| Serial Number         | NG T180615                     |
| Frequency             | M1030.0000                     |
| City                  | SYRACUSE                       |
| State                 | NY                             |
| Transmitter Radius    | 2                              |
| Transmitter Latitude  | 430643.00N                     |
| Transmitter Longitude | 0761118.00W                    |
| Antenna Height        | 0005                           |
| Receiver Latitude     | 430643.00N                     |
| Receiver Longitude    | 0761118.00W                    |
| Service Type          |                                |
| Equipment Type        | C,EAD MSSR2000I<br>V 5/S,PD0.8 |
| Antenna Type          | REFLECTOR                      |
| Flight Level          |                                |
| Runway Number         |                                |
