Message:

Mr. Briske,
Lockheed Martin is authorized to operate in the intended freq. band 14-14.5 GHz for the locations shown in your application; therefore, you do not need to re-file for the same locations. What you need to do is to file for a modification application to add/remove equipment to/from the company's license. For license under the File No. 0137-EX-PL-2008 (call sign: WE2XQD) please submit a modification application, and a) attach a statement explaining the reason for such modification and b) provide spec. sheet(s) of those equipment mentioned in your statement for further review and analysis.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 10, 2008 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
