Attn: Frequency Liaison Office
Office of Engineering and Technology

You will please find enclosed one completed copy of FCC Form 442, Application for a New Experimental Radio Station, with the required completed FCC Form 155 and license processing fee, **\$35.00**, attached. This request is for a new test bed facility to be built in the vicinity of **Utica, Oneida County, NY.**

The proposed facility will be operating in the frequency bands between 400 to 500 MHz. The facility will be utilized to develop and advance the technology specialized equipment to operate in the aforementioned bands. If you should have any technical questions relating to the proposed operating systems, please feel free to call **Patrick Fitzgerald** on **(315) 793-7175.**

If you should have any other problems or questions, please feel free to call the undersigned on **(410) 682-0156.**

Very Truly Yours,

Claude E. Wells
