Mr. Kennedy,

Thank you for your call today about the status of the application fee payment. It is my understanding that the fee was paid at the time of filing, but, out of an abundance of caution, we submitted another payment today via electronic credit card payment. Please let me know if the payment does not appear in the system, and I will take other steps to process the payment.

Also, to answer your two questions below:

1. No fees be charged to customers or entities using the equipment in this experiment.
2. All experimental devices that do not already have an equipment authorization will be retrieved by Motorola at the conclusion of this experiment.

Please let me know if you have any additional questions or need further information. Please feel free to include this email with the application materials on file at the FCC.

Thanks you again for your assistance with this matter.

Kurt
