I, Leo R. Fitzsimon, hereby certify that I am a duly authorized employee of Nokia Inc. ("Nokia"). Nokia hereby amends the above referenced request for Special Temporary Authority ("STA") as follows:

Maximum Power

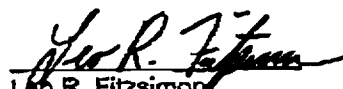

The Nokia equipment proposed for the experimental operation will operate with a maximum power of 100 mW ERP.

Frequencies Desired

Nokia requests authority to operate in the 380-385 and 390-395 MHz bands. We expect to use only two 25 kHz channel pairs within these bands at any one time.

Any questions regarding this amendment may be directed to Nokia's outside counsel, David R. Siddall, at (202) 371-6326.

Respectfully Submitted,
