Rob,

Trying to put this troublesome one to bed. Per NG as reference your suggestion they
can use 2390-2395 instead of entire band (2360-2395) thus see modified request below.

AFTRCC concurs with and requests DoD MIDLANT AFC concurrence/coordination on the renewal of FCC
Experimental license KA2XGP as detailed below.

Applicant: Northrop Grumman Systems Corp C/O 1629 K St NW, Ste 300 Washington DC 20006

Goddard, Robert N CIV USN (USA)

to MIDLANTAFC_PAXRIVER, me

No objection. Not to interfere with flight test telemetry.

Please email the collective address above with date/time of testing two days prior to testing.

v/r,

Rob

This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that the frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant. Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.
