

Northrop Grumman Systems Corporation

Northrop Grumman Systems Corporation (“NGSC”) is filing this application to renew callsign KA2XBU, File No. 0018-EX-CR-2018, to continue development and testing of the ASR-12 developmental radar. The work is being performed as an internal research and development project (IRAD) with the expectation of future contractual activity. This renewal request does not involve any modification to the existing license parameters. Questions regarding this matter should be referred to Mr. Kevin Nekula, kevin.nekula@ngc.com.
