Re: Experimental Radio Station WB2XCN
File No. 0104-EX-RR-2002

Am and now

Dear Ms Dortch:

This law firm represents Northrop Grumman Systems Corporation ("NGSC"), which is the licensee of the above-referenced experimental radio station authorized under Call Sign WB2XCN.

On behalf of NGSC, we respectfully inform the Commission that the Navy contract (Contract No. N00019-97-C-0038) pursuant to which the Commission has granted NGSC the authority operate this experimental radio station has been superseded by a new Navy contract (Contract No. N00019-02-C-3002). The new contract has been issued to Lockheed Martin Aeronautics Company ("LMAC"). NGSC's participation in the Navy contract is governed by a purchase order between LMAC and NGSC (PO No. M4413).

Accordingly, NGSC respectfully requests that the Commission update its records and issue a corrected license for Call Sign WB2XCN to reflect the change in the contract number.

Please date-stamp and return the enclosed extra copy of this letter to indicate receipt by the Commission of this filing.

Paul Hastings
