DISMISSED-WITHOUT PREJUDICE

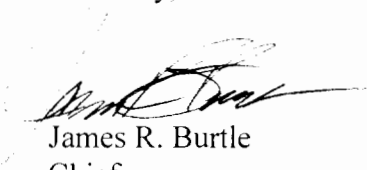

Dear Paul. Hastings, Janofsky and Walker LLP (DRS),

This refers to application, File No. 0501-EX-ST-2003, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. This application was dismissed because the evaluation of this STA by the FAA/NTIA was not completed before the requested end date which was June 19, 2004. It has been noticed that the parameters under this STA are the same as those under the pending application 0053-EX-RR-2003 with the exception that the STA's powers are lower and its frequency band limits are reduced. You may submit an exhibit requesting an amendment of 0053-EX-RR-2003 to match the parameters of this STA if you wish.

Responses to this correspondence must contain the Reference number : 3993

James R. Burtle
