RE: Call Sign ID WA2XGW

On June 17, 1999 I submitted a form 405 electronically. I printed out a form 159 to remit payment for the application.

I neglected to include the FCC Code 2 on the form 159 and it was returned to me as "unprocessable." I spoke with Cynthia in the FCC Billing Dept. and she told me which code I needed to use.

I am resubmitting the form 159. Please process as soon as you can, as our experimental license has already expired.

Thank you for your attention,

Karen Poyner-Stambaugh
