Subject: updating contact information in experimental licenses

Follow Up Flag: Follow up
Flag Status: Flagged

Hi Ben,

Thanks so much for updating the information in KA2XAG.

Following your instructions, I am writing to provide updated contact information for several other licenses for which renewals have been filed recently:

WB2XGB
WB2XGC
WD2XKJ
WF2XLI
WF2XRL

The new contact information is for me, for questions on the application (the contact at Raytheon Missile Systems remains Tom Fagan.) It should be:

Name: Anne Cortez
Phone: 520-360-0925
e-mail: alc@conspecinternational.com

Please let me know if there is any other information you need.

Thank you very much for your help.

Best regards,

Anne
