

STOP BUZZER INFORMATION

The “Stop Buzzer” contact for purposes of these operations will be:

Dennis Russell, Sr. Manager, RF, Antenna, and Field Trials
Dennis.Russell@xylem.com
919-317-6387 (o) / 919-917-5184 (m)

If Dennis is not available for any reason, a second “Stop Buzzer” point of contact is:

Bill Farrow, Sr. Manager, Firmware Engineering
bill.farrow@xylem.com
984-227-1999 (m).

As an additional means of controlling system operations, Sensus will utilize a Wi-Fi “smart” plug allowing the Stop Buzzer contacts to power down the system remotely via a smart phone application.
