Dear Frequency Coordinator:

Comsearch has completed an interference analysis for the system described in the attached documentation. Our analysis indicates that the proposed system meets industry accepted interference with your system. If your system is licensed on a secondary basis, you are required by FCC Rule Part 2.105(c)(3)(i) to ensure non-interference into this proposed system. The operating dates will be from March 11 till March 22, 2002.

In accordance with FCC Rule Part 101.103(d), we are providing you with the technical parameters of the proposed system for your review. We will assume that you concur with our findings if we receive no objections to this proposal by March 15, 2002.

If you have any questions, or require additional information, please contact me at (703)726-5686.

Sincerely,

Eliud Bonilla
