File number: 0378-EX-CN-2017

Applicant: Skywest Airlines

Dear Sir or Madam,

This request is in response to communication from the FCC concerning the above-referenced Application for New Experimental Authority.

To date, we have not been able to find an engineer or frequency coordinator to assist in collecting the correct response to the FCC's inquiry. For reasons beyond our control of identifying an engineer/frequency coordinator available (vacation schedules have also been another obstacle for communication with industry colleagues), we are respectfully asking the FCC's cooperation for an additional 21 to 30 days to respond, in hopes of our being able to determine the best resource for this task to aid with continued processing of Skywest Airlines.

Please let us know if there are further questions.

Best regards,

Elizabeth Buckley
