Subject: Request for Info - File # 0801-EX-CN-2025

Message:

According to NASA, all systems that have space-to-Earth transmissions in the 2200-2290 MHz band are subject to the international power flux-density limits in Article 21 of the Radio Regulations. NASA non-concur any frequencies in this frequency band due to significant exceedances of ART 21 pdf limits.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 10, 2025 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
