Subject: Request for Info - File # 0398-EX-CN-2026

Message:

Your application form is incomplete. Please provide the following information:

- Enter the frequency bands you intend to test on the application form:
 - o 902-928 MHz
 - o 2400- 2483.5 MHz
- Enter the city and state for each specific test location. A request for a 500 km radius of operation under the experimental license is not accepted. Only specific locations are permitted and radius of operation should be less than 5 km. If the company has multiple test sites, please list each site under a separate antenna entry.
- Explain how the company will mitigate and resolve interference if its operations cause harmful interference to government or licensed services.
- Enter the ERP (Effective Radiated Power).
- Provide stop buzzer information, including the individual responsible for shutting down the system immediately if interference occurs.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of April 08, 2026 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
