Carl Huie
Experimental Licensing Branch
Federal Communications Commission
2000 M Street, Suite 230
Washington, D.C. 20554**Re: Telelink, Inc.**
Experimental Station WA2XHH

Dear Mr. Huie:

Pursuant to section 1.46 of the rules and regulations of the Federal Communications Commission, 47 C.F.R. § 1.46 (1997), Telelink, Inc. hereby seeks an extension of time in which to file its Progress Report for the above-referenced experimental station.

Because the Commission issued Telelink the authorization for station WA2XHH on January 22, 1997, the Progress Report would ordinarily be due on today's date. However, Telelink requires additional time in which to prepare its report. In particular, Telelink's affiliate, as well as its president, Lester Boihem, are busy serving as the official radio service provider of the ongoing National Association of Television Programming Executives ("NATPE") conference in New Orleans, LA. Moreover, station WA2XHH's capacity is also being utilized in support of the conference. Because the NATPE conference is ongoing, and Telelink requires additional time to assess the station's performance during the conference, Telelink seeks an extension of time, up to and including February 23, 1998, in which to file its Progress Report.

If you have any questions concerning this request, please call either of us.

Sincerely,

Laura C. Mow
