Subject: Application for Renewal of Experimental License KG2XKR
Traffic Alert/Collision Avoidance System (T/CAS) Testing
Renton, WA
FCC File: 1578-EX-R-94

Gentlemen:

The attached FCC Form 405 is being submitted to renew Experimental License KG2XKR. This license is used for Traffic Alert/Collision Avoidance System testing at Renton, WA airport.

Please keep this office informed of any problems or anticipated delays in the issuance of this license.

Should you have any questions or desire additional information, please contact Bob Douglass at (206) 657-6421 or Bob.Douglass@boeing.com (email).
