0438-EX-CN-2021 and 0439-EX-CN-2021 are separate applications. 0438-EX-CN-2021 is a resubmittal of 0091-EX-CN-2021 which was dismissed without prejudice on 05/05/2021. This is an application for the CUTE cubesat. 0439-EX-CN-2021 is a new application for the CIRBE cubesat which has similar operating parameters as CUTE. Fees for both applications have been paid and the required documents will be uploaded.
