Subject: Additional Information Request

Message:

Please address the following questions and concerns:

- 1) Please confirm the version of DAS used for all analysis throughout. Page 2 of the ODAR states v3.1.1 while page 6 indicates v2.0.2.
- 2) Please provide the large object collision risk value for stowed and deployed configurations.
- 3) Please provide a list of all components that fail to demise and their kinetic energies.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 24, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
