Subject: ITU Cost Recovery Fees for the NASA SPACE HAUC Satellite Network.

Reference: FCC Experimental Application File Number 0328-EX-CN-2019

Dear FCC Secretary,

The University of Massachusetts Lowell's (UML) Lowell Center for Space Science and Technology (LoCSST) is aware that as a result of actions taken at the International Telecommunication Union's 1998 Plenipotentiary Conference, and further modified by the ITU Council in subsequent years (1999, 2001, 2002, 2004, 2005, 2008, 2012 and 2013), processing fees will now be charged by the ITU for satellite network filings. As a consequence, Commission applicants are responsible for any and all fees charged by the ITU. UML LoCSST hereby states that it is aware of this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for the NASA SPACE HAUC satellite network. Please address all correspondence related to the NASA SPACE HAUC satellite network to the following point of contact:
