Subject: Request for Info - File # 0736-EX-CN-2026

---

Message:

1-as our existing license is for only 10kHz-wide channels, we'd be testing channels up to 50kHz-wide. If our existing license is acceptable, then we won't need the experimental license. 2-The existing license is under WPMK345 3-The equipment is not experimental, but the usage for seismic telemetry is.
