

Cover Letter FCC ID Location for Model 1938

The FCC IDs for 1938 will be not be placed on the product due to the product size (25 mm x 25 mm x 19.9mm) and shape will not support legible marking. Marking would be too small to read and distorted due to the product's shape. in accordance with page 4 of the FCC's General Guidelines for Labeling and Other Information Required to be Provided to Users states:

When the device is so small, or for such use that it is impracticable to label with a font size that is four points or larger (and the device does not utilize electronic labeling), then the FCC ID shall be placed in the user manual, and the FCC ID shall also be placed either on the device packaging or on a removable label attached to the device.

Below contents will be placed in user manual instead.

Model: 1938 FCC ID: C3K1938 IC: 3048A-1938 CAN ICES-3 (B)/NMB-3(B)

This Class B digital apparatus complies with Part 15 of the U.S. Federal Communications Commission (FCC) rules, Innovation, Science and Economic Development Canada (ISED) licence-exempt RSS standards.
