| <p>For European Community Users</p> <p>Honeywell complies with Directive 2002/96/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 27 January 2003 on waste electrical and electronic equipment (WEEE).</p> <p>Waste Electrical and Electronic Equipment Information</p> <p>This product has required the extraction and use of natural resources for its production. It may contain hazardous substances that could impact health and the environment, if not properly disposed. In order to avoid the dissemination of those substances in our environment and to diminish the pressure on the natural resources, we encourage you to use the appropriate take-back systems for product disposal. Those systems will reuse or recycle most of the materials of the product you are disposing in a sound way.</p> <div><p>The crossed out wheeled bin symbol informs you that the product should not be disposed of along with municipal waste and invites you to use the appropriate separate take-back systems for product disposal.</p><p>If you need more information on the collection, reuse, and recycling systems, please contact your local or regional waste administration. You may also contact your supplier for more information on the environmental performances of this product.</p></div> | <p>Pour les utilisateurs de la Communauté européenne</p> <p>Honeywell est conforme à la Directive 2002/96/EC DU PARLEMENT EUROPÉEN ET DU CONSEIL DU 27 janvier 2003 sur l'élimination des équipements électriques et électroniques (Waste Electrical and Electronic Equipment -WEEE).</p> <p>Informations WEEE</p> <p>La fabrication de ce produit a nécessité l'extraction et l'utilisation de ressources naturelles. Il peut contenir des substances dangereuses qui peuvent avoir des conséquences sur la santé humaine et sur l'environnement si son élimination ne respecte pas les normes applicables. Pour éviter toute dissémination de ces substances dans l'environnement et diminuer la quantité de ressources naturelles utilisées, nous vous encourageons à utiliser les systèmes d'élimination appropriés pour ce produit. Ces systèmes permettent une réutilisation ou un recyclage de la plupart des matériaux de ce produit.</p> <div><p>Le symbole de la poubelle à roulettes barré vous informe que ce produit ne peut pas être jeté avec les ordures ménagères. Veuillez donc utiliser les systèmes d'élimination appropriés pour ce produit.</p><p>Pour plus d'informations sur les systèmes de collecte, de réutilisation et de recyclage, contactez l'administration locale responsable de la gestion des déchets.</p><p>Vous pouvez également contacter votre fournisseur pour plus d'informations sur les caractéristiques environnementales de ce produit.</p></div> | <p>Per i consumatori nell'area della Comunità Europea</p> <p>Honeywell è conforme alla Direttiva 2002/96/CE DEL PARLAMENTO E DEL CONSIGLIO EUROPEO del 27 Gennaio 2003 sullo smaltimento delle apparecchiature elettriche (WEEE).</p> <p>Informazioni relative ai rifiuti di apparecchiature elettriche ed elettroniche (WEEE)</p> <p>Per la realizzazione di questo prodotto sono stati necessari l'estrazione e l'impiego di risorse naturali. Il prodotto può contenere sostanze potenzialmente dannose per la salute e l'ambiente, se non opportunamente smaltito. Al fine di evitare che tali sostanze si disperdano nell'ambiente e di diminuire la pressione sulle risorse naturali, si consiglia di utilizzare un sistema di recupero per lo smaltimento del prodotto. In questo modo, la maggior parte dei materiali adoperati per la realizzazione del prodotto saranno riutilizzati o riciclati, grazie a un sistema di smaltimento corretto.</p> <div><p>Questo simbolo indica che il prodotto non va smaltito con i rifiuti domestici ma portato al centro di raccolta appropriato per il riutilizzo e riciclaggio delle apparecchiature elettriche.</p><p>Per ulteriori informazioni sui sistemi di raccolta, riutilizzo e riciclaggio, contattare l'amministrazione competente nella zona interessata.</p><p>È possibile anche rivolgersi al proprio fornitore, per avere ulteriori indicazioni sulle caratteristiche del prodotto in relazione all'impatto ambientale.</p></div> | <p>Für Anwender in der EU</p> <p>Honeywell erfüllt die Richtlinie 2002/96/EG DES EUROPÄISCHEN PARLAMENTS UND DES RATES VOM 27. Januar 2003 über Elektro- und Elektronik-Altgeräte (WEEE).</p> <p>Informationen zu Elektro- und Elektronik-Altgeräten</p> <p>Für die Herstellung dieses Produkts war die Extraktion und Verwendung von natürlichen Ressourcen erforderlich. Das Produkt enthält möglicherweise gefährliche Stoffe, die schädlich für die Gesundheit und die Umwelt sein können, wenn das Produkt nicht ordnungsgemäß entsorgt wird. Um die Verbreitung solcher Stoffe in der Umwelt zu vermeiden und den sparsamen Verbrauch natürlicher Ressourcen zu unterstützen, bitten wir Sie, die entsprechenden Rücknahmesysteme für die Produktentsorgung zu nutzen. Diese Systeme gewährleisten die Wiederverwendung oder das Recycling der meisten Materialien des Produkts, wenn es auf diesem Wege entsorgt wird.</p> <div><p>Die Kennzeichnung mit dem durchgestrichenen Mülltonnensymbol weist darauf hin, dass das Produkt nicht mit dem Hausmüll entsorgt werden darf. Bitte geben Sie das Gerät an einem Wertstoffhof ab, wo es dem Recycling zugeführt wird.</p><p>Weitere Informationen zu den Sammel-, Wiederverwendungs- und Recyclingsystemen erhalten Sie bei Ihrer lokalen oder regionalen Abfallentsorgungsbehörde.</p><p>Sie können sich auch an den Hersteller wenden, um weitere Informationen zur Umweltverträglichkeit dieses Produkts zu erhalten.</p></div> | <p>Para los usuarios de la Comunidad Europea</p> <p>Honeywell cumple con la Directiva 2002/96/CE DEL PARLAMENTO EUROPEO Y DEL CONSEJO, de 27 de enero de 2003, sobre residuos de aparatos eléctricos y electrónicos (RAEE).</p> <p>Información sobre residuos de aparatos eléctricos y electrónicos</p> <p>Este producto ha requerido la extracción y utilización de recursos naturales para su producción. Puede contener sustancias peligrosas que podrían afectar negativamente a la salud o al medio ambiente si no se desechan de la forma adecuada. Para evitar la diseminación de dichas sustancias en nuestro entorno y reducir la presión a la que se ven sometidos los recursos naturales, recomendamos encarecidamente que se utilicen los sistemas de retirada de residuos adecuados cuando se deseché el producto. Esos sistemas permitirán reutilizar o reciclar la mayor parte de los materiales que componen el producto desechado de una forma segura.</p> <div><p>Este dispositivo cumple todos los requisitos esenciales de la Directiva 1999/5/CE (Equipos Radioeléctricos y Equipos Terminales de Telecomunicación). Este equipo ha sido evaluado para los siguientes estándares: Si precisa información adicional sobre los sistemas de retirada, reutilización y reciclaje, póngase en contacto con los responsables de residuos de su administración local o regional.</p><p>Asimismo, puede consultar con su proveedor para obtener más información sobre las características ambientales de este producto.</p></div> |  |

本表格依据SJ/T 11364的规定编制。(This table is created in accordance to SJ/T 11364 )

0 :表示该有害物质在该部件所有均质材料中的含量均在GB/T 26572标准规定的限量要求以下（Indicates that this hazardous substance contained in all of the homogeneous materials for this part is below the limit requirement in China's GB/T 26572 ）

X：表示该有害物质至少在该部件的某一均质材料中的含量超出GB/T 26572标准规定的限量要求(Indicates that this hazardous substance contained in at least one of the homogeneous materials for this part is above the limit requirement in China's GB/T 26572)

| This document was prepared and executed in the English language. In the event this document is translated into another language and a conflict arises between the English version and a non-English version, the English version shall prevail. It being recognized and acknowledged that the English language version most clearly expresses the intent of the parties, Any notice or communication given in connection with this document must include a version in the English language. | Ce document a été préparé et exécuté dans la langue anglaise. Dans l'éventualité où le document serait traduit dans une autre langue et qu'un litige surviendrait entre la version en anglais et la version autre qu'en anglais, la version en anglais prévaudrait, étant confirmé et reconnu que la version en anglais exprime de façon plus précise l'intention des parties. Tout avis ou toute communication relatif à ce document doit inclure une version en anglais. | Ce document a été préparé et finalisé en anglais. Si ce document est traduit dans une autre langue et si un conflit survient entre la version en anglais et la version traduite, la version en anglais prévaudra tant il est reconnu et établi qu'elle exprime le plus clairement les intentions des parties. Tout avis ou communication produit en relation avec ce document doit comporter une version en anglais.                                                                   | Questo documento è stato preparato e redatto in lingua inglese. In caso di traduzione in altre lingue, nell'eventualità sorgano conflitti fra la versione non inglese e quella inglese, prevale quest'ultima in quanto viene riconosciuto e accettato che la versione in lingua inglese esprime più chiaramente gli accordi fra le parti. Qualsiasi notifica o comunicazione inviata in rapporto a questo documento deve includere una versione in lingua inglese. | Dieses Dokument wurde in englischer Sprache erstellt und ausgefertigt. Wenn dieses Dokument in eine andere Sprache übersetzt wird, und ein Konflikt zwischen der englischen und nicht-englischen Fassung auftritt, hat die englische Fassung Vorrang, da die Parteien anerkennen, dass die Fassung in englischer Sprache ihren Absichten am deutlichsten Ausdruck verleiht. Alle Hinweise oder Mitteilungen in Zusammenhang mit diesem Dokument müssen auch in einer Fassung in englischer Sprache erfolgen. |
| Originalmente, este documento se creó y redactó en inglés. En caso de que se traduzca a otro idioma y surja un conflicto entre la versión en inglés y la versión en otro idioma, prevalecerá la versión en inglés. Se reconoce y admite que, en la versión en inglés, expresa la intención de las partes con más claridad. Cualquier aviso o comunicación proporcionada en relación con este documento debe incluir una versión en inglés.                                                  | Este documento se preparó y redactó en inglés. En caso de que se traduzca a otro idioma y surja algún conflicto entre la versión en inglés y la del idioma extranjero, prevalecerá la versión en inglés, dado que se reconoce y admite que la versión en inglés expresa más claramente la intención de las partes. Cualquier aviso o comunicación proporcionada en relación con este documento deberá incluir una versión en inglés.                                       | Este documento foi preparado e feito em língua inglesa. Se este documento for traduzido para outro idioma e surgirem conflitos entre a versão em inglês e a versão no outro idioma, a versão em inglês prevalecerá, sendo reconhecido e atestado que a versão em língua inglesa expressa mais claramente a intenção das partes. Qualquer comunicação ou aviso relacionado a este documento deve conter a versão em inglês.                                                             | 本文档以英文撰写，如果本文档的其他语言版本与英文版本存在冲突，则以英文版本为准。各方一致认可同意英文版本最清楚地表达了各自的意图。任何与本文档相关的声明或沟通，都应包含英文版本。                                                                                                                                                                                                                                                                                                                                                                          | 本文件的原稿是以英文撰寫，如果本文件翻譯為其他語言，而英文版和非英文版之間產生衝突，應以英文版和非英文版之間產生衝突，應以英文版為準，並且各方一致認同並確認英文版最能清楚地表達各方的意圖。凡是所有與本文件有關之公告或通訊，都必須包含英文的版本。                                                                                                                                                                                                                                                                                                                                                                                   |
| 本書是英語で作成され発行されています。本書を他の言語に翻訳し、英語版と英語以外の版に矛盾が生じた場合は、関係者の意図を最も明確に表すものが英語版であることを認識および承認し、英語版が優先するものとします。さらに、本書に関連して与えられる告知や通知は、すべて英語版を含むものとなります。                                                                                                                                                                                                                                                                                                                                              | 본 문서는 영어로 준비되어 작성된 것입니다. 본 문서를 다른 언어로 번역하거나 영어판과 번역본 사이에 충돌하는 부분의 발생 경우에는, 본 문서를 우선하며, 영문판이 가장 명확하게 의도와 내용을 인식하고 확인합니다. 본 문서와 관련된 모든 고지 또는 전달 사항은 영문판이 우선되어야 합니다.                                                                                                                                                                                                                                                                                                          | Данный документ был подготовлен и выполнен на английском языке. При переводе данного документа на другой язык, в случае возникновения противоречий между английской версией и версией на другом языке, английская версия имеет преимущественную силу. Данным признается, что версия документа на английском языке наиболее четко выражает намерения сторон. Любые уведомления или письма, направляемые в связи с данным документом, должны включать в себя версию на английском языке. |                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference and 2) this device must accept any interference received, including interference that may cause undesired operation of the device. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment. SAR is measured with this device at a separation of 0.5cm to the body. The SAR limit adopted by USA is 1.6 watts/kilogram (W/kg) averaged over one gram of tissue. The highest SAR value reported to the Federal Communications Commission (FCC) for this device type when it is properly worn on the body is 1.14 W/kg. (Only for EDA61K-1)

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. For body worn operation, this device has been tested and meets FCC RF exposure guidelines. When used with an accessory that contains metal may not ensure compliance with FCC RF exposure guidelines.

Canada, Industrie Canada (IC)  
Canada Industrie Canada IC

This Class B digital apparatus complies with Canadian ICES-003  
Cet appareil numérique de classe B est conforme à la norme NMB-003.

Canadian Notice

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to The following two conditions:

(1) this device may not cause interference, and

(2) this device must accept any interference, including interference that may cause undesired operation of the device.

Avis Canadien

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

La bande 5 150-5 250 MHz est réservée uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

For the frequency 5600-5650 MHz, no operation is permitted

Pour la fréquence 5600-5650 MHz, aucune opération est autorisée.

RF Radiation Exposure Statement:

For body worn operation, this phone has been tested and meets RF exposure guidelines when used with an accessory that contains no metal. Use of other accessories may not ensure compliance with RF exposure guidelines.

Déclaration de l'exposition aux radiations RF:

Pour le fonctionnement du corps, ce téléphone a été testé et répond aux directives d'exposition RF lorsqu'il est utilisé avec un accessoire qui ne contient pas de métal. Utilisation d'autres accessoires peut ne pas assurer le respect des directives d'exposition RF.

Exposure of humans to RF fields (RSS-102)

The computers employ low gain integral antennas that do not emit RF field in excess of Health Canada limits for the general population; consult Safety Code 6, obtainable from Health Canada's Web site at <http://www.hc-sc.gc.ca>

The radiated energy from the antennas connected to the wireless adapters conforms to the IC limit of the RF exposure requirement regarding IC RSS-102, Issue 5 clause 4.

Conformité des appareils de radiocommunication aux limites d'exposition humaine aux radiofréquences (CNR-102)

L'ordinateur utilise des antennes intégrales à faible gain qui n'émettent pas un champ électromagnétique supérieur aux normes imposées par Santé Canada pour la population. Consultez le Code de sécurité 6 sur le site Internet de Santé Canada à l'adresse suivante : <http://www.hc-sc.gc.ca>

L'énergie émise par les antennes reliées aux cartes sans fil respecte la limite d'exposition aux radiofréquences telle que définie par Industrie Canada dans la clause 4.1 du document CNR-102, version 5.
