Internal Photo	23NCVT2-P10-339-A2C2K, internal photo 3 of 3

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors. Information contained in the submittal constitutes commercial trade secrets which differentiate our products from our market competitors, and which, if released, could result in substantial commercial harm due to unlicensed copying of our design(s) in whole or in part. These items include 3<sup>rd</sup> party encoding board designs and layouts which reveal specific performance and design approaches Nucomm, Inc. is requesting to be withheld from public inspection. This information has not been previously released to the public, and is protected from unauthorized disclosure by business partner's et al via the execution of Non-Disclosure Agreement's (NDA).

The applicant understands that pursuant to Section 0.457 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application.

Sincerely,

John B. Payne IV, Chief Engineer  
Nucomm, Inc.
