

A photograph of a Broadcom BCM4343C0M Wi-Fi module. The module is a small green printed circuit board (PCB) with a gold-plated edge connector. It features a large black integrated circuit (IC) labeled "BCM4343C0M" and "1T1632 P20". Other components include a smaller IC labeled "BCM4343C0M", a 100nF capacitor, and a 100k resistor. The module is placed on a blue surface next to a black ruler with white markings. The ruler shows the module is approximately 10 mm wide and 20 mm long.

Antenna Port
