Answer to Question 13:

(e) Provide a narrative of the means by which the proposed transfer of control will take place.

On August 26, 2016, the FCC issued a Public Notice in Report No. TEL-01809S, accepting the application of Millry Corp shareholders the Darrell R. Brown, Sr.

Management Trust, Bryanell S. Brown Management Trust, GST Exempt Family Trust for the benefit of Darrell Raiford Brown, Jr., GST Exempt Family Trust for the benefit of Lisa Renee Bond and the GST Exempt Family Trust for the benefit of Chera Dare Ogburn (collectively, the "Transferors") and Millry Corp shareholders the Paul E. Brown, Sr. Management Trust and the GST Exempt Family Trust for the benefit of Paul E. Brown, Jr. (collectively, the "Transferees") for approval of the transfer of control of the international Section 214 authorization held by Millry LD from the Transferors to the Transferees, pursuant to Section 214(a) of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C. § 214(a), and 47 C.F.R. § 63.24 (File Number ITC-T/C-20160816-00251). The application was approved by the International Bureau on September 9, 2016, as reported in Report No. TEL-01813 (DA No. 16-1042), issued on September 15, 2016. As described in the application, the transaction entails the redemption by Millry Corp of all of the Transferors' Class A and Class B stock in Millry Corp. At the completion of the transaction, the Transferees' percentage ownership in Millry Corp's outstanding stock and their voting membership in the corporation will increase from 50% to 100%, giving the Transferees clear and complete *de jure* control of Millry Corp, and thus Millry LD's Section 214 international authorization. The transaction has not yet been consummated.

In their application, the Transferees and Transferors notified the Commission that prior to completion of the transaction, Millry Corp may create another wholly owned intermediate subsidiary for internal corporate purposes, whereby Millry Corp would transfer 100% of the stock of its subsidiaries, Millry Telephone, Millry Communication and Millry LD, to such new subsidiary, which would then serve as an intermediate holding company between Millry Corp and the subsidiaries. The Transferees and Transferors advised the Commission that the creation of such an intermediate subsidiary would have no impact on the transfer of control of Millry Corp and its subsidiaries as described in the application and would be considered a *pro forma* transaction under 47 C.F.R. § 63.24(d), subject to the Commission's notification requirements set forth in 47 C.F.R. § 63.24(f)(2). No prior Commission approval is required for such *pro forma* transactions, under 47 C.F.R. § 63.24(f)(1).

BB Holding Corporation is a 100% wholly-owned subsidiary of Millry Corp that was formed on September 15, 2016, to which Millry Corp transferred 100% of the stock of Millry Corp's direct subsidiaries, Millry Telephone and Millry Communication. Millry LD remains a 100% wholly-owned subsidiary of Millry Telephone. All five Millry entities are Alabama domestic companies.
