For Grant of Authority Pursuant to Section 214 of the Communications Act of 1934, as amended, and Sections 63.04 and 63.24 of the Commission's Rules to Complete a Transfer of Indirect Ownership and Control of Logix Communications, LP, Alpheus Communications, LLC, and Alpheus Data Services, L.L.C. to New LOGIX Parent, LLC	))))))))	

JOINT APPLICATION

Nathan "Tripp" Lane ("Transferor"), Logix Communications, LP ("Logix Communications"), Alpheus Communications, LLC ("Alpheus Communications"), and Alpheus Data Services, L.L.C. ("ADS") (Logix Communications, Alpheus Communications, and ADS together, "Licensees"), and New LOGIX Parent, LLC ("Transferee" or "New LOGIX Parent") (Transferor, Licensees, and Transferee, together, the "Applicants"), respectfully request authority from the Federal Communications Commission ("Commission") pursuant to Section 214 of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C. § 214, and Sections 63.03, 63.04, 63.18, and 63.24(e) of the Commission's rules, 47 C.F.R. §§ 63.03, 63.04, 63.18, and 63.24(e), for the indirect transfer of control of Licensees to Transferee.

On August 13, 2025, Applicants filed a joint application ("Previous Application") for Commission consent to the transfer of control of Licensees from Transferor to Transferee in connection with the Step 2 Restructuring, as described therein, pursuant to which a majority of the outstanding equity and voting interests in Transferee would be held by funds managed by UBS Asset Management (Americas) LLC, an entity ultimately owned and controlled by UBS AG, a Swiss entity.[1] The Commission accepted the Previous Application for filing on September 19, 2025, referring it to the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector ("Committee").[2] The Committee notified the Commission on September 30, 2025 that it was reviewing the application, and on January 5, 2026, the Committee notified the Commission that the Committee had deemed Applicants' responses to the Standard Questionnaire and the Committee's Tailored Questions complete, starting the 120-day initial review period. No comments or oppositions were filed regarding the Previous Application.

On February 1, 2026, management of the funds that will hold a majority of the outstanding voting and equity interests in Transferee upon consummation of the Step 2 Restructuring transferred from UBS Asset Management (Americas) LLC to O'Connor Alternative Investments, LLC. This change renders the Previous Application moot and, as described more fully hereinbelow, results in a post-transaction structure under which there is no longer any disclosable foreign ownership interest in Transferee or Licensees upon consummation of the Step 2 Restructuring. As a result, Applicants submit the instant application seeking Commission consent

to the Step 2 Restructuring as described herein and are contemporaneously withdrawing the Previous Application, notice of which is being provided to the Committee.

In support of the instant application, Applicants provide the following information:

I. REQUEST FOR STREAMLINED TREATMENT OF APPLICATION

Under Section 63.04(b) of the Commission's rules, the Applicants are filing a combined domestic and international application ("Application") for the transfer of control of Licensees to Transferee. The Applicants respectfully request streamlined treatment of this Application pursuant to Sections 63.03 and 63.12 of the Commission's rules.

This Application is eligible for streamlined processing pursuant to Section 63.03(b)(2) of the Commission's rules because: (1) the proposed transaction will result in Transferee having a market share in the interstate interexchange market of less than ten percent (10%); (2) Transferee will provide competitive telephone exchange services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction; and (3) neither the Applicants nor any of their affiliates are regulated as dominant with respect to any service. This Application also qualifies for streamlined treatment under Section 63.12 of the Commission's rules because: (1) Transferee is not affiliated with a dominant foreign carrier; (2) as a result of the transaction, Transferee will not be affiliated with any foreign carrier; and (3) none of the other scenarios outlined in Section 63.12(c) of the Commission's rules apply.

II. DESCRIPTION OF THE APPLICANTS

A. Transferee – New LOGIX Parent, LLC

Transferee is a Delaware limited liability company formed for the purpose of indirectly acquiring and owning Licensees pursuant to the transaction described herein. Transferee is not affiliated with any other Commission-regulated telecommunications service provider, provides no telecommunications services itself, and holds no Commission authorizations.

B. Transferor – Nathan "Tripp" Lane

Mr. Lane, a U.S. and U.K. citizen, is the partner and founder of Delancey Cove LLC, an independent advisory firm focused on portfolio company monitoring, turnaround management, financial restructuring, deal sourcing, and transaction execution for private equity and special situations investors. In his capacity as member and manager, Mr. Lane presently holds all of the outstanding and issued equity of New LOGIX Parent. Mr. Lane provides no telecommunications services and holds no FCC authorizations.

C. Licensees – Logix Communications, LP, Alpheus Communications, LLC, and Alpheus Data Services L.L.C.

Logix Communications, a Texas limited partnership, is a fiber focused, integrated communications company that provides telephone, Internet, data and cloud services. Alpheus Communications, a Delaware limited liability company, and ADS, also a Delaware limited liability company and wholly-owned direct subsidiary of Alpheus Communications, are together providers of telecommunications and data center services for enterprises and carriers throughout Texas. Alpheus has approximately 2,800 route miles of intercity fiber backbone interconnecting Dallas, Austin, San Antonio and Houston as well as approximately 3,200 route miles of metro fiber within these markets reaching over 11,000 on-net or near-net enterprise buildings, data centers and telecommunication carrier facilities.

Alpheus Communications delivers metro transport to end-user buildings, cell sites, carrier hotels, and Wi-Fi hotspots under its blanket domestic Section 214 authorization and international Section 214 authorization. ADS provides information and communications solutions for enterprises, including those in the healthcare, energy, banking, IT and legal fields, operating pursuant to Alpheus Communications' international Section 214 license, under Section 63.21(h) of the Commission's Rules, as detailed through a notification filed with the FCC on June 8, 2007.[3] Additional information on Licensees, including type of service provider, FCC registration numbers ("FRNs") and the states in which Licensees' services are provided is set forth in Sections IV and V.

III. DESCRIPTION OF THE TRANSACTION AND PUBLIC INTEREST STATEMENT

A. Transaction Description

Pursuant to the terms of an Amended and Restated Second Lien Credit Agreement (the "Second Lien Credit Agreement"), Transferee will acquire indirect control of Licensees. Specifically, following the Commission's consent to the first step (the "Step 1 Restructuring") of a two-step transaction for the comprehensive restructuring and refinancing of the funded indebtedness of Logix Holding Company, LLC ("Logix Holding"),[4] an intermediate holding company that indirectly controls Licensees, this Application seeks consent to the second step (the "Step 2 Restructuring") to enable the conversion of certain convertible loans under the Second Lien Credit Agreement into preferred and common equity interests in Transferee, completing the full restructuring and resulting in a transfer of indirect control of Licensees. Pursuant to the Step 1 Restructuring, indirect ownership and control of all outstanding and issued common equity in Licensees was acquired by Transferor, and contemporaneously certain holders of first- and second-lien loans issued to Logix Holding exchanged a portion of such loans for newly issued first- and second-lien loans to restructure the enterprise's debt load and recapitalize the company as it faced significant financial pressures and liquidity concerns. Following consummation of the Step 1 Restructuring, certain existing second-lien lenders now seek Commission approval to the Step 2

[4] *See Notice of Domestic Section 214 Authorization Granted*, DA 25-287 (WC Brel. Mar. 31, 2025); Report No. TEL-02345, DA 25-278 (OIA rel. Mar. 27, 2025).

Restructuring, pursuant to which those second-lien lenders will convert a portion of their second-lien loans for common and preferred equity in New LOGIX Parent. Upon conversion of those loans, two funds managed by O'Connor Alternative Investments, LLC ("OCAI")[5]—Clover Zermatt O LLC and Clover Private Credit Opportunities Origination II LP—will collectively hold a majority of the outstanding preferred and common equity interests in New LOGIX Parent, representing indirect interests in Licensees of approximately 90% voting and 94.7% equity.

The Step 2 Restructuring will result in a change in the ultimate control of the Licensees, but no assignment of authorizations, assets, or customers will occur as an immediate consequence of the proposed transaction. After consummation of the Step 2 Restructuring, Licensees will continue to exist and operate under the same name and will continue to provide services pursuant to then-existing rates, terms, and conditions for the near term. Any future changes to the rates, terms, and conditions of service will be undertaken pursuant to customers' contracts and applicable law. No carrier change charges will result from the Step 2 Restructuring, and no customer service or billing contact information will change as a result of the transaction. Therefore, the Step 2 Restructuring will not impact Licensees' customers. The Step 2 Restructuring will entail a change in the indirect equity ownership of Licensees; there will be no sale of their individual assets or liabilities. Additionally, after the consummation of the Step 2 Restructuring, several senior members of Licensees' management team are expected to continue their employment with Licensees and be involved in Licensees' day-to-day operations.

---

[5] OCAI is the investment manager for its managed funds that would hold preferred and common equity interests in Licensees, making investment decisions for the funds and voting the voting interests held by the funds. OCAI is an indirect wholly owned subsidiary of Cantor Fitzgerald, L.P.

B. Public Interest Demonstration

The Step 2 Restructuring will serve the public interest, convenience, and necessity by completing the restructuring necessary to provide Licensees with a deleveraged capital structure, relieving the substantial financial pressure and liquidity concerns prompting the need for such a restructuring and permitting Licensees to continue to provide robust communications solutions to their customers and to better compete in the U.S. communications marketplace. The Step 2 Restructuring will have no adverse impact on customers and will not alter the planned manner of service delivery or billing. Moreover, Licensees will continue to comply with existing contracts, as applicable, subject to change in the ordinary course of business and in accordance with applicable law. The only change immediately following the consummation of the Step 2 Restructuring from a customer's perspective will be the new indirect ownership of Licensees.

Under 47 U.S.C. § 214(a), the Commission must determine whether a proposed transfer of control of a provider of interstate and international telecommunications services is consistent with the public interest, convenience, and necessity.[6] In making such a determination, the Commission, among other matters, assesses "whether the proposed transaction complies with the specific provisions of the Act, other applicable statutes, and the Commission's rules"[7] and then, if a proposed transaction would not violate the Act, any other applicable statute, or any of the Commission's rules, the Commission then considers whether a proposed transaction "could result

in public interest harms by substantially frustrating or impairing the objectives or implementation of the [Communications] Act or related statutes."[8]

The Applicants respectfully submit that no such public interest harms will arise from the Commission's approval of this Transaction. Transferee's acquisition of control over the Licensees will not diminish competition in any market and will not eliminate any telecommunications service provider in any geographic area. In fact, grant of the Application is necessary to preserve and ensure continued competition in the markets in which Licensees operate, as the Step 2 Restructuring is required to fully effectuate the recapitalization of a company that otherwise has faced an extremely high risk of liquidation or bankruptcy in light of its financial circumstances. In addition, Licensees will continue to face vigorous competition in each of the markets they serve following consummation of the Step 2 Restructuring. Therefore, the grant of the Application is in the public interest. Indeed, as detailed above, Applicants believe that the Step 2 Restructuring will offer substantial public interest benefits without any material countervailing harms. In the absence of any such harms, the Applicants believe that prompt approval is warranted without any transaction-specific conditions.

IV. INFORMATION REQUIRED BY SECTION 63.24(e)

Pursuant to Section 63.24(e)(2) of the Commission's Rules, the Applicants submit the following information requested in Section 63.18(a)-(d) and (h)-(p) in support of this Application:

Other than as set forth in this Application, upon completion of the Step 2 Restructuring, no other entity or individual will hold a ten percent (10%) or greater direct or indirect equity or voting interest in Transferee. None of the equity and/or controlling interest holders in Transferee reported above have a ten percent or greater direct or indirect interest in any Commission-regulated businesses. Neither Transferee nor Licensees have any interlocking directorates with foreign carriers.

(i) Foreign Carrier Affiliation Certification:

The Applicants certify that following consummation of the Step 2 Restructuring: (i) neither Licensees nor Transferee will be a foreign carrier within the meaning of Section 63.09(d) of the Commission's Rules, 47 C.F.R. § 63.09(d); and (ii) Licensees and Transferee will not become affiliated with a foreign carrier.

(j) Foreign Carrier and Destination Countries:

Applicants certify that following consummation of the Step 2 Restructuring they do not seek to provide international telecommunications services to any destination country where:

(1) An Applicant is a foreign carrier in that country; or
(2) An Applicant controls a foreign carrier in that country; or
(3) Any entity that owns more than 25 percent of an Applicant, or that controls an Applicant, controls a foreign carrier in that country; or
(4) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate more than 25 percent of an Applicant and are parties to, or the beneficiaries of, a contractual relation affecting the provision or marketing of international basic telecommunications services in the United States.

(k) WTO Membership of Destination Countries:

Not applicable.

(m) Non-dominant Regulatory Classification:

Not applicable.

(n) Special Concessions Certification:

Applicants certify that they have not agreed to accept special concessions, directly or indirectly, from any foreign carrier with respect to any U.S. international route where the foreign carrier possesses market power on the foreign end of the route and will not enter into such agreements in the future.

(o) Federal Benefits/Anti-Drug Abuse Act of 1988 Certification:

Applicants certify, pursuant to Sections 1.2001 through 1.2003 of the Commission's rules that they are not subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988. 21 U.S.C. § 862.

(p) Response to Standard Questions of Executive Branch Agencies:

Not applicable. Upon consummation of the Step 2 Restructuring, Licensees will not have any owner that holds a ten percent or greater direct or indirect equity or voting interest, or a controlling interest, and that is not a U.S. citizen.

(q) Law Enforcement Certifications:

By signing this Application, and in accordance with the requirements of Section 63.18(q) of the Commission's rules, Transferee certifies that it agrees:

(1) To ensure compliance with all appliable Communications Assistance for Law Enforcement Act requirements and related rules and regulations;

(2) To ensure availability of communications to, from, or within the United States, as well as records thereof, in a form and location that permits them to be subject to a valid and lawful request or legal process in accordance with U.S. law, including but not limited to the authorities set forth in Section 63.18(q)(1)(ii);

(3) To designate the following point of contact who is located in the U.S. and is a U.S. citizen or lawful permanent resident for the execution of lawful requests and as an agent for legal service of process:

Glenn Taylor
Chief Technology Officer
(713) 865-8565
glenn.taylor@logix.com

(4) To ensure the continuing accuracy and completeness of all information submitted, whether at the time of submission of the Application or subsequently in response to a Commission request, as required by Section 1.65(a), and inform the Commission of any substantial and significant changes while the Application is pending;

(5) To, after the Application is no longer pending for purposes of Section 1.65, notify the Commission of any changes in the information regarding and/or contact information for Licensees promptly, and in any event within 30 days; and

(6) That if Transferee or Licensees fail to fulfill any of the conditions and obligations set forth in the certifications set out in Section 63.18(q) or in the grant of the Application and/or that if the information provided to the U.S. Government is materially false, fictitious, or fraudulent, Transferee and/or Licensees may be subject to all remedies available to the U.S. Government, including but not limited to revocation and/or termination of Licensees' authorizations, and criminal and civil penalties, including penalties under 18 U.S.C. § 1001.

(r) Request for Streamlined Processing:

Applicants request streamlined processing of this Application pursuant to Section 63.12 of the Commission's rules, 47 C.F.R. § 63.12, for the reasons set forth in Section I above.

V. INFORMATION REQUIRED BY SECTION 63.04(b)

In accordance with the requirements of Section 63.04(b) of the Commission's rules, Applicants submit the following information in support of their request for domestic Section 214 authority to transfer control of Licensees to Transferee, as specified in Section 63.04(a)(6)-(12).

(a)(6) Description of the Transaction:

A description of the proposed transaction is set forth in Section III above.

(a)(7) Description of Geographic Service Area and Services in Each Area:

Transferee is a holding company that does not provide telecommunications services. Both Alpheus Communications and ADS are Competitive Local Exchange Carriers authorized to provide telecommunications services in Texas. Logix Communications provides telecommunications services as a Competitive Local Exchange Carrier in Texas and Oklahoma.

Transferor is an individual that does not provide, and has no other cognizable ownership interest in any other entity that provides, telecommunications services.

(a)(8) Presumption of Non-Dominance and Qualification for Streamlining:

Applicants request streamlined processing pursuant to Section 63.03 of the Commission's rules, 47 C.F.R. § 63.03, for the reasons set forth in Section I above. Specifically, Applicants respectfully submit that this Application is eligible for streamlined processing pursuant to Section 63.03(b)(2)(i) because, immediately following the Step 2 Restructuring, Transferee (and affiliates) will have a market share in the interstate, interexchange market of less than 10 percent, and the Transferee (and affiliates) will provide competitive telephone exchange services or exchange access services (if at all) exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transactions, and none of the Applicants (or their affiliates) are dominant with respect to any service.

(a)(9) Other Pending Commission Applications Concerning the Proposed Transaction:

None.

(a)(10) Special Considerations:

No party is requesting special consideration because it is facing imminent business failure.

(a)(11) Separately Filed Waiver Requests:

None.

(a)(12) Public Interest Statement:

A statement showing how a grant of the Application will serve the public interest, convenience, and necessity is provided in Section III above.

VI. UNIVERSAL SERVICE FUND INFORMATION

Pursuant to the Commission's Public Notice, DA 22-436 (rel. April 19, 2022), Applicants provide the following Universal Service Fund ("USF") information.

(1) A listing of all USF high cost support received by each entity to be transferred and by the transferee and each affiliate of the transferee, including Connect America Fund (CAF) Phase II Auction (Auction 903) support, Rural Digital Opportunity Fund (RDOF) Phase I Auction (Auction 904) support, Alaska Plan support, Alternative Connect America Cost Model support, CAF Broadband Loop Support, and Rural Broadband Experiment support.

None of Licensees, Transferee, or any of Transferee's affiliates received any USF high-cost support.

(2) Confirmation of whether the entity or entities to be transferred are Eligible Telecommunications Carriers (ETC) under section 214(e) of the Act.

None of Licensees is an Eligible Telecommunications Carrier under Section 214(e) of the Act.

(3) If the entity or entities to be transferred have been awarded CAF Phase II or RDOF funding, provide a summary addressing any changes to management, technology, or debt that would result from the proposed transaction, as well as whether there are any changes that might occur that would compromise the support recipients' ability to meet their service obligations.

Licensees have not been awarded CAF Phase II or RDOF funding.

(4) A list of study area codes (SACs) for each entity to be transferred and for each affiliate of the entity or entities to be transferred, and for the transferee and each affiliate of the transferee.

Not applicable.

(5) A confirmation of whether the entity or entities to be transferred participate in the Lifeline program, Emergency Broadband Benefit program, or the Affordable Connectivity Program, and whether such participation will continue if the transaction is consummated.

Licensees confirm that they do not participate in the Lifeline, Emergency Broadband Benefit, or Affordable Connectivity programs.

VII. CONCLUSION

For the foregoing reasons, Applicants respectfully request that the Commission promptly grant this Joint Application.

Respectfully submitted,
