Re: Call Sign: E960072
Site: Englewood, CO
C-Band Transmit/Receive Earth Station

Dear Sir:

This letter is to confirm that the Transmit/Receive Earth Station located in Culver City, California, (39° 33' 1.0" N, 104° 51' 53.0" W - NAD83) and with the technical parameters in the attached datasheet, under the ownership of Vyvx, LLC, has been under our continuous monitoring and frequency protection service. We have been monitoring all new frequency coordinations on their behalf and maintaining their participation in the frequency coordination process as specified in part 101 of the FCC Rules and Regulations.

We have been protecting this link on behalf of Vyvx, LLC. The technical parameters listed (including frequencies) have not changed and have been protected continuously as noted. There are no outstanding protection case issues or objections from any licensees in the shared bands of operation.

If you have any questions, or require additional information, please don't hesitate to call me on (703) 726-5656 or by email at DMeyer@Comsearch.com

Sincerely,
COMSEARCH

David E. Meyer
Senior Manager
Frequency Protection Services
